FULFORD TRIMS CHAMPIONS IN BASKETBALL

Special to the Review
FULFORD HARBOR, April 22.—Two splendid basketball matches were played on Saturday night, April 17th, at the Fulford Hall, when Fulford and Ganges teams played the senior and junior C. P. S. Lumber teams of Victoria.

The game between the Fulford boys and the C. P. S. seniors, who are the winners of the Wenger Cup and the Vancouver Island champions, was a fast and stirring match which was well worth watching. Before the game was half over the visitors discovered they would have to exert themselves to have any chance to win, but the Fulford boys proved too strong for them in the end and have added yet another victory to their list by defeating the "Champs" to a score of 27-23.

The Ganges team and the C. P. S. juniors next played a very exciting game. The Ganges boys played well and had a good chance to win but the ball declined to go into the basket and hopped off the rim many times, instead of doing its duty. After a close struggle the game went to the Victoria boys 16-11. The line-up of the teams were:—

Fulford—Right wing, Jim Akerman (4); left wing, Ray Morris (10); centre, Art Hepburn (8); right guard, V. Douglas (3); left guard, T. Isherwood (2).

C. P. S. "A" team—Right wing, M. Norton (6); left wing, C. Rutledge (11); centre, S. Dowds (6); right guard, G. Woolridge; left guard, Sid Mills; C. Harwood.

Ganges team—Right guard, T. Garner (4); left guard, N. Young (2); centre, Joe Akerman, right wing, C. Wagg (2); left wing, S. Wagg (3).

C. P. S. "C" team—Right guard, R. Storey (2); left guard, J. Bowcott (6); centre, C. Reid (2); right wing, D. Newell (4); left wing, R. Backus (2).

D. Newell refereed the first game and F. Downey was referee for the last.

After the games came supper, which was served by the members of the Athletic Club.

Parlett's orchestra played for the dance and a most enjoyable evening was spent. About \$72 were taken at the door, which goes towards the hall fund.

GINGHAM DANCE PRETTY AFFAIR

DEEP COVE, April 22.—The Deep Cove Club Hall was the scene of a very jolly dance on Friday evening when the Social Club held the last affair of the season in the form of a "Gingham Dance." The hall looked very pretty with its clusters of white dogwood, and although the crowd was not as large as usual, all those who attended voted it a most enjoyable evening.

Finder's two-piece orchestra from Victoria provided a splendid program of dance numbers, replying to the many encores in a very efficient manner. Miss May Copithorne, Miss Nellie Livesey and Mr. B. Boshier very kindly supplied the music for the supper extras.

Mrs. Ann Calvert had charge of the dainty refreshments, which were served in the dining-room; the tables being centred with pink tulips. Mrs. Mears and Mrs. S. Roberts poured the coffee.

The dance was a very enjoyable one, the dance committee for the evening, Mrs. Livesey and Mrs. S. Roberts, being responsible for its success.

Saanichton Locals

Special to the Review
The South Saanich Women's Institute and the Junior Institute Club are planning to enter a float in the 24th May parade.

The Tennis Club committee are hard at work and those intending to play on the Keating school grounds are advised to make early arrangements.

The Women's Institute have decided to hold a card party in the Temperance Hall on the first Saturday of the month during May, June, and July.

AMUSING PLAY STAGED AT THE AUDITORIUM

On Thursday, April 15th, the South Saanich Young People's Club delighted a large and appreciative audience with their production of a three-act comedy drama "Deacon Dubbs." The Auditorium was filled to capacity and the play was well received, which must have been very gratifying to those who worked so hard to make the play a success.

The title role, "Deacon Dubbs," the jovial, big-hearted farmer from Sorghum Centre, State of West Virginia, "by heck!" was most admirably taken by Mr. Stuart Stoddart, who though fond of cold water and pestered by a young niece, kept the audience in a merry mood and finally won the hand of an old acquaintance, Miss Philepena Popover, played by Miss Chrissie McNab in her own inimitable style.

Miss Margaret Taylor, as Rose Raleigh showed marked dramatic ability in the portrayal of her part. Through her various moods from gay laughter to deep grief she carried herself with ease and won for herself the unstinted applause of her audience. Playing opposite Miss Taylor was Miss Blanche Sherring, who accepted the difficult part of Amos Coleman, sweetheart of the fair Rose and nephew of the scheming old Deacon from Sorghum Centre.

Rawdon Crawley, the keen, cool, calculating villain, played by Mr. George Somerville, nearly succeeded in upsetting things in general and finally was upset himself to the satisfaction of everyone but himself. He was in direct contrast to Deuteronomy Jones, the simple hired hand, whose every appearance provoked roars of laughter from old and young alike.

Mr. Willie McClure, who took this part proved a gloom-chaser in spite of the continued advances of the little Swedish-hired girl, Yennie Yensen as played by Miss Ida Heyer.

The part of Trixie Coleman, the jester's little niece of the Deacon, was admirably taken by Miss Doris Michell, whose clear young voice and vivacious nature fitted excellently into the character of a mischievous little girl with nothing better to do than to be continually "starting something or somebody."

Miss Margaret Michell played the role of Emily Dale, the well-dressed rich girl of the little country town and carried her proud air continuously through the play.

Major McNutt, as played by Mr. Alfred Hafer, proved to be an individual somewhat bibulously inclined but maintaining a high sense of honor throughout.

The scene is laid in the pretty garden fronting the cottage of Miss Rose Raleigh. The cottage is the young lady's sole earthly possession and so nearly passes from her hands. However, thanks to circumstances and a kind-hearted Deacon the tables are turned and everything seems bright until the villain appears. Luckily other forces are at work on (Continued on Page Two)

TENNIS CLUB FOR CHILDREN

The regular monthly meeting of the Parent-Teacher Association took place on Tuesday evening, April 20, in the school.

The minutes of the two previous meetings were read and adopted and arrangements were made for fixing the basketball posts and the ground-phones.

Mr. Ramsay announced that two chicken clubs had been formed in the school and that fourteen girls and boys were growing seeds under the Rotary Club scheme.

A committee was formed, consisting of Miss Christie, Mr. Ramsay and Mr. Watts, to take the matter up of forming a tennis club for the school children.

At the close of the business meeting a most interesting and instructive address was given by Mr. J. Duff on "The Report of the Survey Commission."

Mr. Duff's address showed a very thorough knowledge of his subject and while supporting many of the criticisms made by the commission also pointed out the weakness in others.

At the close of the meeting a hearty vote of thanks was moved to Mr. Duff for his splendid address.

ANNUAL REPORT CHECKER PRIZES TO BE GIVEN ON SATURDAY EVE

Special to the Review
SAANICHTON, April 22. — On Monday evening last the local unit of the United Church of Canada held its first annual meeting since becoming a part of the United Church of Canada.

Great interest was shown in the reports presented by the various departments of church work, all being pleased at the progress made during the past year, much satisfaction being expressed for the unremitting labor of the leaders and officers in the various departments. All spoke in terms of even greater things for the ensuing year.

The following reports were presented to the meeting: Pastor's report by Rev. M. W. Lees, who covered the work he had done since taking over the pastoral charge nine months ago. During that time he had made 191 pastoral calls, attended 348 meetings and travelled 5,620 miles in connection with the work of the church at Sidney and Saanichton.

Nat. Gray presented a report as secretary of committee. This report showed that progress had been made during the year, that all departments of the church were active and striving after an even higher standard of efficiency. All obligations for the year had been over-subscribed, indeed almost \$900 had been raised by the church at Saanichton for all purposes during the year.

The report for the Sunday school was read by Miss Ida Heyer and spoken upon by A. W. McClure, Sunday school superintendent.

Miss C. McNab, president of the Young People's Society, presented a report of the year's work by the Young People.

Great appreciation was expressed by the pastor and other speakers at the progress and high standard maintained by the Young People's Society.

Mrs. Alex Patterson presented a report on behalf of the Ladies' Aid, this showed that they had raised \$154 during the year, which was extremely creditable considering the small number of members.

Miss Alma Heyer presented the report for the choir, which was very satisfactory.

Miss Deering presented a report of the work done by the Mission Band, which indicated that the band was making progress and performing a useful work among the school children.

A vote of thanks was passed to the correspondents and the Sidney and Islands Review for the publicity given the work of the church.

The meeting then proceeded to organize and elect officers according to the constitution of the United Church of Canada. The following were elected members of sessions: A. W. McClure, S. Sidwell and Nat. Gray, and the following to the committee of stewards: J. G. Stoddart, A. Hafer, D. H. Heyer, Will. McClure, G. (Continued on Page Two)

CHECKER PRIZES TO BE GIVEN ON SATURDAY EVE

Next Saturday evening, April 24, Mrs. G. McLean, the champion player on the McIntyre Checker Board, will be presented with a handsome challenge cup, emblematic of the senior championship of British Columbia, by Hugh J. McIntyre, inventor of the board, at the club rooms of the North Saanich Social Club, School Cross Road.

Mrs. McLean sprung a surprise on the club in the recent tournament by defeating several expert male players. The new board proved to be to her liking and with many new tricky plays and traps she bewildered her opponent—one after another going down to defeat. Mrs. McLean could lay claim to the championship of the world for lady players on the new board, as we do not know of any other senior championship being held by a lady. Mrs. McLean not only takes possession of the championship trophy but also annexes a large box of chocolates for being the best lady player in the tournament.

We congratulate Mrs. McLean on her achievement, and trust that she may successfully defend her title. In connection with the trophy we believe a few rules to govern same should be clearly stated at the start and after due consideration the following have been figured out:—

1.—The trophy is representative of the senior championship of British Columbia on the McIntyre Checker Board.

2.—The championship trophy must be defended when a challenge is made by any player of a recognized club, or organization, who has defeated all other contenders for the title, the champion having the privilege of stating the number of games to be played.

3.—Championship games must be played at club rooms of club, or place of meeting of organization, in which champion is member.

4.—If the trophy is successfully defended for three years in succession by the champion same becomes their personal property.

5.—The trophy must not be taken out of British Columbia.

6.—Challengers must be residents of British Columbia of not less than six months.

7.—All challenges for the title must be made in writing to Hugh J. (Continued on Page Two)

SMOKE-CLOUD PUZZLE SOLVED

Special to the Review

FULFORD HARBOR, April 22. — Some of the residents of Fulford were puzzled last Saturday by a smoke-cloud which passed overhead. The smoke was caused by a huge blast of over 30,000 pounds of black blasting powder and dynamite, which blew out 20,000 yards of rock from James Island, near Port Angeles.

That a puzzle for the reader of the Sidney and Islands Review: In what way does the smoke-cloud resemble Mr. Wood, whose article about his tour "over the whole" of Salt Spring Island, appeared in the "Colonist" and other papers last week?

Answer.—Because in the smoke-cloud's tour, it "looked over" Fulford, and in Mr. Wood's tour, he "looked over" Fulford. Mr. Wood must travel with his eyes shut and the Ganges people must be wondering why he omitted to mention Fulford, for how could they, or anyone else get to Victoria and back in a day if it were not for our daily lunch service between Fulford and Sidney?

Loses 4 Lbs. in 10 Days

Too much dancing is beginning to tell on Constance Talmadge. She danced steadily for ten days recently and discovered, on stepping on scales, she had lost four pounds. But the dancing wasn't done for pleasure. It was part of her work in her new production, "Her Sister From Paris," which Manager Haskett will present Friday and Saturday evening at the Auditorium Theatre, Sidney.

BASEBALL GAMES

Monday night, 6 o'clock—Sawmill vs. Sangers.

Friday night—Planers vs. Yard.

SUCCESSFUL TEA AND SALE OF WORK HELD

Special to the Review
DEEP COVE, April 22.—On Wednesday afternoon a very successful tea and sale of work was held in the St. Augustine Hall, Deep Cove, by the Ladies' Auxiliary of the Holy Trinity Church.

The hall had been prettily decorated with dog-wood and bouquets of spring flowers, and formed an effective setting for the dainty tea tables where refreshments, under the co-operation of Mrs. Gwynne, Mrs. Salmon and Mrs. Bowman, were served all afternoon by Miss Daphne Fraser, Miss May Copithorne and Miss Lottie Braithwaite. While tea was in progress, a musical program was enjoyed. Mrs. J. Copithorne sang very sweetly "Roses in June" and "Lassie O' Mine." Mrs. C. Layard played several violin solos, accompanied by Miss Margaret Cochran, which were much enjoyed. Piano solos were played by Mrs. Hughes, Mrs. Rockfort and Miss M. Cochran.

The fancy work stalls, under the management of Mrs. R. North, and Mrs. Downey did a brisk business all afternoon selling a variety of dainty and useful articles. The candy and home-cooking stall in charge of Mrs. Powell proved very popular, and Mrs. Hiron and Mrs. Frame were kept busy at the "Bran Tub," which yielded up many surprising things.

The affair was a very enjoyable one in every way, and the Ladies' Auxiliary are to be congratulated on the success of the tea, and take this opportunity of thanking all those who assisted in any way.

UNITED CHURCH HAD BUSY YEAR

The annual meeting of the congregation of St. Paul's United Church, Sidney, was held in the church on Monday evening, April 19th, the meeting being opened with a hymn and prayer. The reading of the minutes was followed by the reports of the treasurer, Ladies' Aid, Sunday School, Young People's Society, Girls' Work, Boys' Work, the pastor giving a general report of the progress of the work throughout the circuit, all of these being very satisfactory and showing good progress.

Rev. Mr. Lees was invited to remain another year and granted a month's holidays.

A delegation from the South Saanich Church brought greetings from that congregation, which were accepted with thanks and similar message returned. A solo by Mr. Cowell was enjoyed by all.

It was decided to organize and appoint officers as advised by the United Church of Canada and these were to be nominated and then elected by ballot. As the hour was rather late it was decided to have the election of officers at a date to be decided by a committee of two, who were appointed by the meeting, which then adjourned.

A vote of thanks was tendered to the pastor, board, Ladies' Aid, choir, teachers and officers of the Sunday school and all those who had assisted with the work of the church during the year, also a vote of thanks was tendered the press for publicity and considerations, etc., extended during the year.

INSTITUTE MET ON THURSDAY

Special to the Review

SAANICHTON, April 22.—The South Saanich Women's Institute held their monthly meeting in the Temperance Hall on Thursday last, with a fair attendance of members.

Many matters of importance were placed before the members. A communication suggesting the formation of a branch of the District Builders was read, but was given no action at present.

Interesting reports were given, Mrs. R. E. Nimmo on the meeting of the district, Mrs. S. Styan and Miss MacIsaac also reported on school work in the district. Capt. S. Clair then gave the members an address on "Athletics in the Schools," which dealt with the necessity for the playing of games.

MORE KINDNESS NEEDED

Every once in a while we meet some one who wants us to give the other fellow—Hail Columbia. If it is in politics nothing will do but to give the opposition both barrels. In business the competitor must be shown up as a crook. In religion the other church is clear off in its teachings and is leading the people straight to hell, or words to that effect. How foolish it all is. The radicals get nowhere, make no converts. In fact the radical often injures the cause he champions so fervidly. It is much easier to lead the average person than it is to drive him. Tact always accomplishes more than threats. Converts are not made for any cause by whacking people over the head with a club. In all affairs, private as well as public, set a good example. You can accomplish more with kindness than with kicks.

Fulford Harbor is a wonderful place to spend an outing and no doubt many excursions by launch will be arranged this summer by different societies of this district. "See Your Own Part of the World First," would be a good slogan for many to adopt. Why go afar when many spots of beauty are at your very finger tips?

CHURCH AND THEATRE

A newspaper item states that a survey of 40 churches in Washington D.C., showed 7,000 persons present one Sunday, while 40 theatres on the same day had audiences of 50,000.

Perhaps if those churches had advertised their services as well as those theatres had, the disproportion would not be so great. Most people believe theoretically in going to church, but it comes hard on some of them, because when they get there they are asked to think. Some folks consider thinking tiresome. However, if we are going to have a better country and better folks, a large number of them must take hold and do some thinking.

Sidney has industrial sites practically free to offer manufacturers who want to locate here. With good connections as regards transportation this town is well worth looking into. Taxes are very reasonable and the fact that Sidney is in a sheltered zone for shipping should be considered.

BUSINESS IS SAFE

When you shake hands with your competitor and mean it—when you can work hard in your business and love it—then business is safe.

When you advertise service and give it—when you can build reputation and keep it—then business is safe.

When you can sense competition and not knock it—when you can fight competition and still boost it—then business is safe.

When you can meet opportunity and know it—and aim for what is right and then pray for it—then business is safe.

We hear of several farms changing hands in the Saanich district recently and new buildings to go up. Just the natural course of events in this fine area. Vancouver Island will keep right on growing. There is room here for millions of people.

LOOK AT YOURSELF

Take a good long look at that face in the mirror. Put aside all vanity and egotism and on your honor ask yourself if you really are what most of your friends think you are. No alibis, no passing the buck, no mistaken sympathy with yourself. This is a good exercise and should be taken frequently. A long look into your own soul may do you good.

People who brag about the blue blood in their veins will probably find that it came from some ancestor who had a habit of working himself blue in the face.

A GEM OF TRUTH

An exchange says that a newspaper that told the truth about the people of its community would die of strangulation in two issues. We are skeptical about the fate of said newspaper but there's not room for much argument about what would happen to its editor.

A boat carrying autos from Sidney to White Rock, calling at Salt Spring Island would likely be a paying proposition during the tourist season.

Baseball is with us again. With a local league there should be considerable fun in store for the local boys.

Third Street, Sidney, is now being hard-surfaced to cope with the increasing traffic this thoroughfare carries. For good roads this district will soon be hard to beat.

Sir:—Kindly permit me through the columns of your paper to call attention to the needs of the Sidney Public Library. A library is an institution essential to any civilized community and merits the whole-hearted support of the public.

Up to the present we have had a contract for a supply of books from Victoria Public Library at a cost of \$55 a year. While this service was of great value, it did not make for growth. The money was spent, the books returned, and there we were as before.

and cons of the matter, the Library Board has decided to terminate the contract and devote available funds to the purchase of books instead. In this way it will be possible in a few years to have a library worthy of the name, and a real and permanent benefit to the district.

The library is in better financial condition than last year, when it was necessary to close down for several months. There are funds on hand to meet ordinary expenses till September, when members' fees become due. It is desirable, however, in the meantime to keep the library growing and provide fresh reading material. The members of the Library Board would therefore be grateful

for donations of books. There must be in the various homes in the district many interesting books of which the owners make little use, but which would be widely read if placed in the library. Donations in money would be equally welcome as they would make it possible to purchase some books immediately instead of waiting till September.

Members who wish to suggest books for purchase may leave titles (giving author and publisher if possible) with either the librarian or the undersigned. The Library Board will endeavor to meet their desires as far as the means at hand will permit.

FIRE THREATENS OUR NATIONAL HERITAGE

Carelessness Destroys 3,000,000 acres annually of Canadian Forest

Loss of standing timber by fire continues to be appalling. On the average, over 3,500 million board feet are destroyed annually. The forests of Canada are being depleted at a rate they cannot possibly withstand; more than half of this depletion is due to fire, insects and decay. The future of the forest industry is just as dependent on the seedling trees and young growth as the pulp and paper and lumber mills, and industry generally, are dependent on mature timber—both must be saved from the ravages of fire.

In addition to the shelter afforded by the forest to the farmer and his stock, settlers in forested regions are virtually dependent on the woods for winter employment. Care with fire in land-clearing operations is all-essential — burned timber pays no wages.

Canada has the finest inland fishing in the world, but these splendid food and game fish require clean, cold water in the streams to ensure prolific reproduction. Forest fires are inimical to fish life.

Game animals attract foreign tourists and induce Canadians to seek pleasure, health and adventure in the great outdoors. These animals are distinctly a forest resource—utterly dependent on it for protection and food. Forest fires are most destructive of such wild life.

Ninety per cent of the forest fires are caused by carelessness. Are you doing your part to prevent this wanton waste and destruction?
